

Pikeville Medical Center Financial Assistance Policy

It is the policy of Pikeville Medical Center (“PMC”) to provide financial assistance to patients as described in this policy.

1. Scope:

- a. This policy applies to all emergency and other medically necessary care provided by PMC’s acute care hospital, PMC’s rehabilitation hospital, and those providers designated as being covered by this policy on PMC’s Financial Assistance Policy Provider List attached to this policy as Appendix A.
- b. This policy does not apply to PMC’s durable medical equipment business, or those providers designated as not being covered by this policy on PMC’s Financial Assistance Policy Provider List attached to this policy as Appendix A.
- c. For purposes of this policy, “medically necessary” shall be determined in the judgment of the patient’s PMC treating physician or other relevant PMC treating provider.
- d. PMC’s Chief Financial Officer (CFO) is hereby granted the authority and directed to update PMC’s Financial Assistance Policy Provider List at least quarterly. Such updates by the CFO shall not require the approval of the Board of Directors. The Financial Assistance Policy Provider List shall include the date on which it was created or last updated. The CFO is hereby authorized to list providers on the Financial Assistance Policy Provider List by practice group or department instead of individual provider name if the entire group or department is covered by this policy or if the entire provider group or department is not covered by this policy. A free copy of the current Financial Assistance Policy Provider List can be obtained by contacting PMC’s patient financial counseling department located at 911 Bypass Road, Pikeville, Kentucky, by calling (606) 430-3303, or on PMC’s website: www.pikevillehospital.org.
- e. PMC’s Financial Assistance programs include free and discounted care based on eligibility.

2. Disproportionate Share Hospital (“DSH”) Program

The DSH Program is administered by the Commonwealth of Kentucky and provides free acute care hospital care to qualifying individuals. The DSH Program applies to acute care hospital charges only. It does not apply to any charges for the services of any physician, nurse practitioner, physician’s assistant, certified registered nurse anesthetist, whether provided at the hospital or any other location. Likewise, the DSH Program does not apply to any charges for durable medical equipment or rehabilitation hospital services. Eligibility criteria, including income and resource guidelines are set by the Commonwealth of Kentucky. PMC updates this policy with the most current eligibility criteria published by the Commonwealth of Kentucky.

a. Eligibility Criteria:

1. The individual is resident of Kentucky
2. The individual is not eligible for Medicaid or KCHIP
3. The individual is not covered by a third-party payor
4. The individual is not in the custody of a unit of government which is responsible for coverage of the acute care needs of the individual
5. The individual meets the following income and resource criteria:

Household Size	Resource Limit	100% of the Poverty Level (Monthly Income Limit)*	(Annual Income Limit)*
1	\$2,000.00	\$1,304.17	\$15,650.00
2	\$4,000.00	\$1,762.50	\$21,150.00
3	\$4,050.00	\$2,220.83	\$26,650.00
4	\$4,100.00	\$2,679.17	\$32,150.00
5	\$4,150.00	\$3,137.50	\$37,650.00
6	\$4,200.00	\$3,595.83	\$43,150.00
7	\$4,250.00	\$4,054.17	\$48,650.00
8	\$4,300.00	\$4,512.50	\$54,150.00

Add an additional \$5,500.00 for each person. **income limits are effective April 1, 2025*

6. All income of a family unit is to be counted and a family unit includes:
 - A. The individual;
 - B. The individual's spouse who lives in the home;
 - C. A parent or parents, of a minor child, who lives in the home;
 - D. All minor children who live in the home.
7. Related and nonrelated household member(s) who do not fall into one of the groups listed above shall be considered a separate family unit.
8. Countable resources are limited to cash, checking and savings accounts, stocks, bonds, certificates of deposit, and money market accounts.
9. Countable resources may be reduced by unpaid medical expenses of the family unit to determine eligibility.

b. Method for Applying:

1. Patients can apply for assistance under the DSH Program by submitting a completed application to PMC's patient financial counselors on a form prescribed by the Commonwealth of Kentucky.
2. The DSH Program Application Form can be obtained by contacting PMC's patient financial counseling department located at 911 Bypass Road, Pikeville, Kentucky, by calling (606) 430-3303, or on PMC's website: www.pikevillehospital.org.

3. The Application Form specifies the documentation that individuals are required to submit.

3. In-House Sliding Scale Program

The In-House Sliding Scale Program is administered by PMC. It provides a range of discounts up to free care provided by PMC's acute care hospital, PMC's rehabilitation hospital, and those providers designated as being covered by this policy on PMC's Financial Assistance Policy Provider List attached to this policy as Appendix A. PMC employees and individuals covered by the Pikeville Medical Center Employee PPO Medical Plan employee health benefit plan are not eligible for discounts under the In-House Sliding Scale Program.

a. Amount Generally Billed:

1. Following a determination that an individual is eligible for assistance under the uninsured patient portion of the In-House Sliding Scale Program, PMC will not bill that individual for emergency or other medically necessary care an amount in excess of the Amount Generally Billed. For those patients eligible for financial assistance who have insurance or governmental health benefits, this limitation applies to the patient responsibility portion (i.e. deductibles and/or copays) of the bill only.
2. PMC determines the Amount Generally Billed utilizing the Medicare look-back method which sets the AGB at the average collection percentage of gross charges of actual Medicare claims paid to the facility during the previous twelve month period. PMC reviews this percentage at least annually.
3. Members of the public may readily obtain PMC's AGB percentage and a description of the calculation in writing and free of charge by contacting PMC's patient financial counseling department located at 911 Bypass Road, Pikeville, Kentucky, by calling (606) 430-3303, or on PMC's website: www.pikevillehospital.org.

b. Discounts:

1. PMC will provide discounts in accordance with the table below. For patients with insurance or governmental health benefit program coverage, the discount applies to the amount of remaining patient responsibility (e.g. deductibles, co-insurance, co-pays, and other amounts not covered by the patient's plan) after the insurance company or governmental payor has made its applicable payment to PMC.
2. The discount applicable to the patient's income and resource level and family size is as follows:

Family Size	1	2	3	4	5	6	7	8	% Poverty
Discount									
Free	\$23,475	\$31,725	\$39,975	\$48,225	\$56,475	\$64,725	\$72,975	\$81,225	150%
50% of AGB	\$41,942	\$56,682	\$71,422	\$86,162	\$100,902	\$115,642	\$130,382	\$145,122	268%
AGB	\$62,600	\$84,600	\$106,600	\$128,600	\$150,600	\$172,600	\$194,600	\$216,600	400%

Example: If gross charges were \$40,000 and the AGB was 10%, an FAP-eligible patient with no insurance and a family size of 2 with an annual income resource level of \$35,000 would receive a 50% discount off the AGB and would be responsible 5% of gross charges which is \$2,000.

c. Resources:

1. The resource amounts in the table above are the amount of annual household income plus any countable assets minus certain household expenses.
2. Countable Assets: Countable assets means checking accounts, savings accounts, credit union accounts, money market accounts, savings bonds, stocks, bonds, mutual funds, and other similar liquid assets.
3. Household Expenses: Household expenses means:
 - i. Home rent or mortgage payments;
 - ii. The following household utilities:
 - A. Electricity;
 - B. Water;
 - C. Sewer;
 - D. Natural gas;
 - E. Trash removal; and
 - F. Telephone (1 land line or up to 2 cell phones, if co-applicants).
 - iii. Loan or lease payments for one (1) automobile; and
 - iv. Premiums for one (1) auto, home, health and life insurances.

d. Method for Applying:

1. Patients can apply for assistance under the In-House Sliding Scale Program by submitting a completed application to PMC's patient financial counselors on a form prescribed by PMC.
2. The In-House Sliding Scale Program Application Form can be obtained by contacting PMC's patient financial counseling department located at 911 Bypass Road, Pikeville, Kentucky, by calling (606) 430-3303, or on PMC's website: www.pikevillehospital.org.

3. The Application Form specifies the documentation that individuals are required to submit.

4. Measures to Widely Publicize the FAP

PMC will widely publicize this policy by:

- a. Making copies of this policy, the DSH Program Application Form, the In-House Sliding Scale Program Application Form, and a plain language summary of this policy available free of charge on PMC's website;
- b. Making paper copies of this policy, the DSH Program Application Form, the In-House Sliding Scale Program Application Form, and a plain language summary of this policy available free of charge upon request in PMC's emergency, patient financial counselors, and billing departments and by mail;
- c. Offering a paper copy of the plain language summary of this policy to patients as part of the intake process unless it is not feasible to do so due to an emergency or other circumstances in which case PMC will offer a paper copy of the plain language summary as part of the discharge process;
- d. Informing and notifying visitors to PMC about this policy through conspicuous public displays at PMC;
- e. Informing and notifying residents of the community that PMC serves by including statements on PMC's website and in messages played to callers to PMC who are placed on hold that PMC offers financial assistance under a financial assistance policy and informing the reader/listener how to obtain more information; and
- f. Including a conspicuous written notice on all billing statements that notifies and informs recipients about the availability of financial assistance under this policy and includes the telephone number of PMC's patient financial counseling department and includes the web site address where copies of this policy, the application form, and a plain language summary of this policy may be obtained.

5. Billing and Collections Policy

The actions that PMC may take in the event of non-payment are described in a separate Billings and Collections Policy. A free copy of the Billing and Collections Policy can be obtained by contacting PMC's patient financial counseling department located at 911 Bypass Road, Pikeville, Kentucky, or by calling (606) 430-3303.
